WolofLink · for organisations

Wolof for your team, before they land in Senegal

Short daily lessons on their phone, a 100-phrase survival kit, and a simple dashboard so you can see who is keeping up. Works offline.

What your staff get

- **20 units, 53 lessons**: greetings, directions, food, health, prices, feelings
- **Survival Wolof**: the 100 words and phrases to know first
- **Culture and etiquette**: greetings, Ramadan, being a good guest
- **Holidays in Senegal**: closures, travel peaks and the right greeting
- Audio for every line, a dictionary of 480+ entries, and a pronunciation guide
- Learn from English, French, Spanish, German or Italian; **fully offline**

What you get

- **One team code**: staff join from the app in seconds
- **Progress dashboard** on woloflink.com: XP, lessons completed, streaks, last practice
- **Privacy built in**: you see the name each person chooses, never their email
- All Premium features for your members while your plan is active
- Invoice and bank transfer; no app-store payments to manage

Who it's for

Embassies and consulates · NGOs and volunteer programmes · international schools · companies sending staff to Senegal · universities and study-abroad programmes · health and field teams.

Plans (per year)

Pilot
Free
1 month · up to 10 people · full dashboard · no commitment

Team
£480
Up to 25 people · dashboard · Premium for members · email support

Organisation
£1,200
Up to 100 people · priority support · larger teams on request

Prices exclude any applicable VAT. Equivalent prices in EUR, USD or XOF on request. Discounts for small NGOs and schools.

Getting started takes a day

1. Reply to this email with your organisation's name and team size.
2. We send your team code and dashboard access.
3. Staff install WolofLink (Android) and enter the code.
4. After a month, keep going on a plan or simply stop.

Good to know

- No ads and no tracking
- Staff can leave the team at any time; their data stays theirs
- Checked against Senegalese sources; review by native speakers under way
- iPhone version planned
